Our Financial Policy

Dear Patient:

Welcome to our practice, and thank you for choosing our office for such an important concern as your health care needs.

We truly hope that you have come to our office confident that you will receive the best dental care we can provide - that is our number one priority. We invite you to discuss your treatment at any time. We will make our staff available to explain the details of your treatment as well as the costs involved. We will make every effort to be accurate and clear in our explanations.

To maintain fair and ethical standards, our fees are the same for everyone, whether you have insurance or not. If you do not have insurance, payment in full is expected at time of service. If you do have insurance, your estimated patient portion is due at time of service.

Our office is committed to helping you maximize your insurance benefits. Because insurance policies vary greatly, we can only estimate your coverage in good faith but cannot guarantee coverage due to the complexities of insurance contracts. After 60 days, you are responsible for the entire balance, paid-in-full. We can continue to assist you in getting the insurance company to reimburse you for our services.

While we do not participate with any insurance company, we do submit all claims as a courtesy to our patients. It is in your best interest to understand your own insurance plan. Concerns or regards to insurance company payments should be addressed with your insurance company.

We offer a 5% discount to all patients who pay with a cash or check IN FULL at time of service. We accept MasterCard, Visa, Discover, cash, and checks.

Delinquent accounts will accrue interest after 90 days at a rate of 1.33% per month or 16% per annum.

Quality dental care is important to your health. We appreciate your confidence in us and look forward to serving you.

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW IT CAREFULLY.

The Health Insurance Portability & Accountability Act of 1996 ("HIPAA") is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally, are kept properly confidential. This Act gives you, the patient, significant new rights to understand and control how your health information is used. HIPAA provides penalties for covered entities that misuse personal health information.

As required by HIPAA, we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your health information.

We may use and disclose your medical records only for each of the following purposes:

- Treatment means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include teeth cleaning services.
- Payment means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a bill for your visit to your insurance company for payment.
- Health care operations include the business aspects of running our practice, such as conducting quality assessment & improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal quality assessment review.

We may also create and distribute de-identified health information by removing all references to individually identifiable information.

We may contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you.

Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to your protected health information, which you can exercise by presenting a written request to the Privacy Officer:

- The right to request restrictions on certain uses and disclosures of protected health information, including those related to disclosures to family members, other relatives, close personal friends, or any other person identified by you. We are, however, not required to agree to a requested restriction. If we do agree to a restriction, we must abide by it unless you agree in writing to remove it.
